Subject: FW: San Juan data in SADIE? - Gold King Mine ER

Dudes,

We need to get the R9 San Juan River scribe projects into our removal subscription and added to SADIE_Goldkingmine. Please let me know if ERT need approval from R9. Copy Randy Nattis on your request to ERT.

Subject: San Juan data in SADIE? - Gold King Mine ER

Thanks John,

From the R9 perspective, we need to see the data for the San Juan River sampling locations, which all start SJ___. I don't see them in SADIE; are they there under a different name? If not, where can I get the San Juan data?

Cheers,

ned

Subject: SADIE Deployment - Gold King Mine ER

All,

A new version a SADIE specifically for the Gold King ER is now deployed. This version is integrated with the popups in the Gold King Ops viewer. Region 6 is still working on migrating a Region 8 widget that further integrates SADIE with the Ops viewer.
